October 2007

In a revenue study originally published in the October 1, 2007 issue of Waste News, OAKLEAF Waste Management ranked #83. Companies are ranked according to revenue from the collection and processing of recyclables, which includes at least a minimal amount of post-consumer material. The list excludes revenue from the sale of finished goods. (When recycling revenue for a company is unavailable but total revenue is available, the company's ranking is estimated). Companies included in the report are based in the United States and Canada. OAKLEAF recorded an \$8.5MM growth in revenue recycling from 2005 to 2006.

RECYCLING RANKINGS

This information originally was published in the October 1, 2007, issue of Waste News.

Rank	Company	2006 Recycling Revenue (millions)	2005 Recycling Revenue (millions)
83	Oakleaf Waste Management Inc. East Hartford, Conn.	\$17.1	\$8.6
